### GOAL 1

Empower exploration of the library for growth and enjoyment through print, programs, and technology.

- Offer additional high interest programs for the community bi-annually.
- Hold one "Virtual Visitor" and one traditional library card sign up annually.
- Promote and provide support for Hoopla, Overdrive, and other services as needed.

### GOAL 2

Build connections with youth, young adults, and seniors to cultivate confidence with technology and familiarize them with all that is available.

- Invite local senior groups to attend technology help sessions.
- Continue outreach to the schools via sign up drive and Hoopla introduction.
- Hold programs for adults in areas of interest to them (i.e. arts, entertainment, popular culture).

### GOAL 3

Inspire library visits and borrowing of materials by providing relevant programs, attractive and accessible collections, and useful services.

- Conduct periodic statistical review of print collections and make changes in the display of materials based on analysis.
- Utilize social media to promote library services.
- Provide services such as copying, faxing, printing, scanning, and notarizing.

### GOAL 4

Provide a safe, welcoming environment that is accessible and inviting to the community.

- Offer flexible outdoor space for patron use and programming.
- Offer flexible community meeting space for various sized groups (tutoring, larger meetings) through multipurpose furniture such as mobile tables and chairs with improved technology capabilities for meeting room use.
- Establish a maintenance schedule to help ensure the longevity of the building and its equipment as well as prioritize plans for updates to the interior and exterior of the building.
